- Excellent acoustical values
- Offered with a vinyl noise barrier for high STC requirements

SorbAll®

N-300 CEILING TILES

SorbAll N-300 Ceiling Tiles are offered as both a sound absorbing as well as a combination sound absorbing/sound blocking tile.

N-300 Ceiling Tiles have a white fabric facing attached to a 1" or 2" thick rigid fiberglass board and have excellent sound absorption (NRC) ratings.

N-300B Ceiling Tiles take the standard N-300 tile and add a 1# per square foot foil backed vinyl noise to the backside of the tile for high sound absorption (NRC) and high sound blocking (STC) requirements.

FINISHES

- Signature white fabric facing
- Option for any Guilford of Maine FR701-2100 fabrics
